

## Webcast on the publication of the quarterly results of DFV Deutsche Familienversicherung AG

- The leading European Insurtech will present its business figures for the first quarter of 2020 next Thursday
- Key financial figures and business development are explained to interested journalists and analysts in a webcast

**Frankfurt am Main, 07 May 2020** – DFV Deutsche Familienversicherung AG will publish its financial report for the first quarter of the 2020 business year on Thursday, 14 May 2020. In December 2018, the company realised the first IPO of an Insurtech in Europe and has since been listed in the Prime Standard of the Frankfurt Stock Exchange.

On the day of publication, Dr. Stefan M. Knoll, CEO and Founder of DFV, will explain selected key financial figures and the business development for the first quarter of 2020 to interested journalists and analysts and will be available to answer questions. Due to the current situation, this event will be held as a webcast, as it was the case with this year's annual press conference. The virtual event will start on 14 May 2020 at 3:00 pm. The corresponding dial-in data will be announced later.

### About DFV Deutsche Familienversicherung AG

DFV Deutsche Familienversicherung AG (ISIN DE000A0KPM74) is a rapidly growing digital insurance company. DFV covers the complete insurance value chain with its own products, including a reinsurance licence. The company's objective is to offer insurance products which people really need and immediately understand ("Simple. & Sensible"). DFV offers customers multi award-winning additional health insurances (dental, health, additional long-term care insurance) as well as accident and property insurances. On the basis of the highly modern and scalable in-house developed IT system, the company is setting new standards in the insurance industry with consistently digital product designs as well as policy completion with digital language assistants.
